PROFESSIONAL SUMMARY

Food Science postgraduate with strong hands on experience in **Research and Development** within the nuts and FMCG sector, supported by solid exposure to **Quality Control and Quality Assurance systems**. Proficient in **New Product Development (NPD)** including **formulation design**, customer specific sample creation, **pilot trials**, **process validation**, **sensory evaluation**, and **shelf life studies**. Experienced in **optimizing formulations and manufacturing parameters** to improve texture, stability, yield, and cost efficiency. Skilled in **supplier qualification**, **raw material functionality assessment**, and **machinery evaluation**, including **international production trials in China** for scale up and capacity enhancement. Well versed in **HACCP, FSSC 22000, BRCGS, and GMP**, with strong capability in **technical documentation and data driven decision making using Microsoft Excel and AI**. Currently based in the UAE and seeking **R&D driven roles in product innovation and development**.

PROFESSIONAL EXPERIENCE

- New Product Development Manager, Prime Nuts FZE (Fanar Al Khaleej),** June 2026 - Present | Sharjah, United Arab Emirates
Research and Development Associate, Jan 2026-June 2026
Quality and R&D, Aug 2025-Jan 2026
- Led **New Product Development (NPD)** for nut bars, peanut butter variants, coated peanuts and popped fox nuts, including **formulation design**, **customer specific sample development**, **pilot trials**, **sensory evaluation** and **shelf life studies**, while driving **continuous improvement** of existing products.
 - **Optimized formulations** and processing parameters to improve texture, stability, yield and cost efficiency, supporting **successful scale up** to commercial manufacturing.
 - **Supported sales team** in client interactions by explaining product functionality, specifications, and application suitability, contributing to successful product approvals and customer satisfaction.
 - Conducted supplier technical evaluations and **raw material functionality assessments**, and performed **international machinery inspections and production trials in China** to support process validation and capacity enhancement.
 - Prepared and maintained **R&D and regulatory documentation** including formulation sheets, product specification records.
 - Ensured product and process compliance with UAE food safety standards, **Codex Alimentarius** principles, and internationally recognised systems (**HACCP, FSSC 22000, BRCGS, GMP, GHP**).
 - Collaborated with cross functional teams during **product scale up** to translate laboratory formulations into production operations while maintaining control, consistency and compliance with municipal inspection criteria.
 - Investigated product deviations and implemented **corrective and preventive improvements (CAPA)** to strengthen product reliability, formulation robustness and process controls.
- Pavizham Oil and Foods, Inventory and Production Control Officer,** Sep 2024 - Jun 2025 | Ernakulam, India
- Supervised production teams and line operations, **leading 4 supervisors, 2 trainees, and 40+ workers**, while optimizing schedules to improve efficiency and reduce daily downtime by 1 hour.
 - Led an **R&D-driven reprocessing** initiative converting **25 tons of non-consumable oil into a value-added product** contributing to product innovation, waste reduction, and cost optimization.
 - **Reduced material wastage by 15%** through enhanced process monitoring and improved procurement controls.
 - Implemented GMP and food safety practices, **training 50+ employees**, while managing production documentation, inventory, and quality reports to ensure full regulatory compliance.
- KSCSTE-Centre for Water Resource Development and Management, Research Intern,** Mar 2024 - Jul 2024 | Kozhikode, India
- Designed and **developed a food waste-based bioelectrochemical system** using microorganisms for sustainable household waste management.
 - Developed skills in **research methodology, data analysis, fieldwork techniques, and problem-solving**.
- Hindustan Coca-Cola Beverages Private Limited, Intern,** May 2023 | Andhra Pradesh, India
- Gained insights into end-to-end production processes, water treatment operations, raw material handling and **quality checks** (Packaging Tests, pH, Brix, acidity, TDS, Hardness, Turbidity, Sensory, Yeast and Mold, TPC, etc.).
- Pavizham Healthier Diet Pvt. Ltd., Intern,** Dec 2022 | Ernakulam, India
- Gained hands-on experience in rice milling, rice flakes and powder production, and spice and vinegar processing, with involvement in **quality control testing** including moisture, acidity, impurity, granularity, total ash, and gluten analysis.
- Unipulp Agro Industries, Intern,** Jan 2022 | Malappuram, India
- Gained hands-on experience in **aseptic packaging, ohmic heating**, and pineapple processing (juice, pulp, dices), along with **quality and microbiological testing** including TSS, E. coli detection, acidity, and water quality analysis.

EDUCATION

MSc Food Science and Technology | Kerala University of Fisheries and Ocean Studies(OGPA-7.93), 2022-2024 | Kochi, India

BSc in Food Technology | MES Kalladi College, University of Calicut (CGPA 8.6)., 2019-2022 | Mannarkkad, India
Higher Secondary (Physics, Chemistry, Mathematics, Biology) - 96% | MES HSS, 2017-2019 | Mannarkkad, India

PROJECTS

Development of a Food Waste Based Bioelectrochemical System for Household Food Waste Management
KSCSTE- CWRDM

OrizaPro – Sustainable Vegan Protein from Rice Bran, Kalady Rice Millers Consortium
Participated in the development of a clean-label, plant-based protein powder using de-oiled rice bran through Hydro-Microbial Infusion technology, supporting food waste valorization and circular economy principles.

Barriers to Smart City Development, International URSA Major Hackathon: Sustainable City Development.
Analyzed urban challenges and proposed sustainable solutions through research, data interpretation, and a survey within a hackathon setting.

PUBLICATIONS

Local Context and Multi-disciplinarity to Address Smart City Challenges in a Hackathon: The Case of Smart City Development in Kochi  , Elsevier, Dec 2025, Co author

LANGUAGES

Malayalam (Native), English (CEFR B2 Upper Intermediate/IELTS 6.5), Hindi (Proficient), Arabic (Basic)

SKILLS

Technical Skills
Microsoft Excel, PowerPoint, Word, Canva, AI Tools, Tally, LucidChart, Coggle, Documentation

Laboratory Skills
Sensory Evaluation, Microbiological Testing, Quality Analysis, Physicochemical Testing, Product Development

Food Safety
HACCP, ISO 22000:2018, GMP, Food Hygiene, Hygiene Audit, Allergen Management, Food Safety Management Systems, Sustainability Systems, Food Labelling

Soft Skills
Leadership, Team Management, Communication, Adaptability & Problem Solving, Volunteering & Event Organization

CERTIFICATES

Highfield Level 4 Award in HACCP for Management (CODEX Principles) (RQF)

Highfield Level 3 Award in HACCP for Food Manufacturing (RQF)

Internal Auditor Training On Food Safety Management Systems As per ISO 22000:2018

Halal Awareness Training, Alison

Food Allergy and Intolerance Training
Food Standards Agency, United Kingdom

National Cadet Corps (NCC) 'C' Certificate | A Grade

"SENSAGE" Sensory Evaluation Competition Participation
VKIDFT&Kerala Food Safety Department,Thrissur

Basics of Nutrition Certification
POSHAN Abhiyaan-ICMR (National Institute of Nutrition)

Food Fortification Certification
POSHAN Abhiyaan-ICMR (National Institute of Nutrition)

AI Mastery Certification
1. ISO 9001:2015 Certified Freedom with AI Masterclass
2. Be10x Certified AI tools and ChatGPT Workshop

Using Basic Formulas and Functions in Microsoft Excel
Coursera-Project Network

Basic Life Support (BLS) Training
National Health Care Provider Solutions (NHCPs)

EnglishScore Core Skills | British Council
CEFR B2 . Upper Intermediate | ≈ IELTS 6.5

ACHIEVEMENTS

Participant, International URSA-MAJOR Hackathon – Sustainable City Development | Nov 2024

Participant, National KARYASHALA Workshop – Microbial Electrochemical Technologies | June 2024

Second Prize, FSSAI Quiz – Vigilance Awareness Week | Nov 2023

2nd Rank/514 in KUFOS Entrance Examination for MSc Food Science and Technology

12th Rank/270 in MG University Entrance Examination for MSc Food Science and Technology

2nd Rank in BSc Food Technology
MES Kalladi College | Affiliated to University of Calicut

Pitched idea at the Entrepreneurial Idea Pitching “Pitch Fest 3.0” | KUFOS Incubation Centre

Volunteered at the "Food Entrepreneurs' Conclave 2.0 (FECO 2.0)" | AFSTAI (Cochin Chapter)

Participated in the National Level EBSB Camp
Kerala and Lakshadweep Dte & Odisha Dte, NCC

ORGANIZATIONS

Association of Food Scientists & Technologists (INDIA),
Cochin Chapter, Volunteer

Kerala Food Technologists Association (kefta),
Student Member

Innovation and Entrepreneurship Development Centre (IEDC),
Student Coordinator

National Cadet Corps, Company Quartermaster Sergeant

SOLACE: Care and support for children with long-term illness, Volunteer

Rotaractor, Rotaract Club of KUFOS, Rotary International

Autism Club, Volunteer

INSTITUTE & INDUSTRIAL VISITS

- Indian Institute of Packaging, Mumbai
- International Training Center Food Safety & Applied Nutrition, Mumbai
- ICAR-Central Institute of Fisheries Education, Mumbai
- Licious Meat Plant, Mumbai
- Goa Dairy Plant, Goa
